A BIT OF HISTORY.

MR. EDITOR.—It was the summer of 1844
that a very fine old gentleman by the name of
F. D. Huntress, assisted by Miss Thais E.
Johnson, kept the town school in the old "yel-
low" school-house, corner of Limerock and
Union streets, but which has since been taken
down and removed to what is now William H.
Glover & Co.'s lumber yard. Our teacher pro-
posed to his pupils that they each contribute
three cents—I think that was the sum—and
have catalogues of the names, ages, number
and names of the studies pursued by each
scholar, etc. I lost mine a long time ago, but
by the kindness of Mrs. Joseph Thorndike have
been able to get one from which I will proceed
to make a few extracts.

I find that the whole number of girls attend-
ing this term of school was 108, and the whole
number of boys was 95, making a total of 203.
Of this number I find I have forgotten 21 of
the girls and 11 of the boys, I find that 75 of
the girls and 48 of the boys have been mar-
ried. So far as known, 24 of the girls and 38
of the boys have died. The oldest girl was 16
years of age and the youngest four years. The
oldest boy was Geo. W. Burns, who was 17
years old, and the youngest boy was four years
old. There were quite a number of girls and
boys of the age of four years as that was the
age at which they were admitted to school.
The greatest number of studies pursued by any
one of the girls was seven and the least num-
ber was one. The greatest number of studies
pursued by any one of the boys was five and
the least number was one. I find the following
lines of pathetic poetry attached to the cata-
logue above referred to:

Behold, dear Lord, thy children here,
To us a parting blessing give,
In mercy grant these children dear,
In virtue through this life may live.

From one another we must part,
And to our homes we soon must go;
O, send us to each other's heart,
While we remain on earth below.

Succeed our labors through the year
While now for knowledge, Lord, we toil
In faithful works of love and fear,
And fruitful make the barren soil.

And when these earthly scenes are past
Unto thyself, O may we fly,
Where vast assemblies meet at last
To praise thy name above the sky.

I find that F. D. Huntress—I think he was
from Bucksport—was principal and that Thais
E. Johnson was an assistant. I find also that
Edwin S. Hovey, esq., was school agent and
that Rev. Nathan C. Fletcher, Rev. Amarian
Kilchoe and Rev. Richard Woodhull were S.
S. Committee, all of whom are now dead.

Their graves are covered far and wide,
By mount and stream and sea.

Thinking that perhaps this might fall under
the eye of some scholar of 43 years ago, who
like myself was interested in said school, I
send it to you.

R. M. PILLSBURY.

BIRTHDAY GATHERING.

MR. EDITOR.—We feel quite incompetent to
express our pleasure and gratification at the
lawn festival given by Mrs. Sadie Pascal of
Rockport Wednesday evening, the anniversary
of her birthday. The beauty of the evening
and of the grounds, as ornamented with Chi-
nese lanterns; the exhilarating music, as dis-
coursed by the Rockport band, the refresh-
ments of fruit, cake and ice-cream in great
abundance, followed by fragrant Havanas from
the hands of mine host, Charles Pascal, and
last, though not least, the parlor entertainment
of instrumental music by Mrs. Pascal and her
little niece, as also the vocal music by the Geo.
S. Cobb Post Chorus, consisting of Mr. Tyler,
Misses Achorn, Osburn and Cleveland, whose
musical qualities and attainments are beyond
description except by those of the highest cul-
ture, all these with the happy company of old
veterans and the Ladies Relief Corps, with
many of the leading public spirited citizens,
always ready with encouragement for all pa-
triotic enterprises, among whom we recognize
the cheerful countenance of Messrs. Vechee,
D. H. Bisbee and J. S. Cleveland with many
ladies from the harbor whose faces are familiar
at the usual festivities of the Post, but with
whose names we are not familiar, combined to
make a very social and pleasing entertainment.
We all left the beautiful home of Mr. and Mrs.
Pascal fully appreciating their efforts to en-
tertain, and hoping they may live to repeat the
occasion many times.

A PARTICIPANT.

THE GALLANT FOURTH.

General Elijah Walker, of Somerville, Mass.,
who commanded the Fourth Maine regiment at
Gettysburg, has forwarded to the executive
com. of the Maine Gettysburg Commission
a design of a monument for that regiment. It
represents a pentagonal, or five-sided granite
shaft ten and one-half feet high, resting on a
base five feet and eight inches wide. A dia-
mond of red granite will be displayed on one
of the faces of the shaft. Among the "legends"
or inscriptions on the side of the base will be
the following: 4th Maine Vols., 2d Brigade,
1st Division, 3d Corps. The location selected
for the monument is a large boulder, standing
near the road passing through the Devil's
Den.

HEAVY ARTILLERY.

The Pioneer will take the members and their
friends of the 1st Me. Heavy Artillery to their
re-union at Vinalhaven Aug. 23, for 75 cents
the round trip. All survivors of this regiment
are invited, and if no card is received by them
it is for lack of their address in season. The
Pioneer leaves here at 11 o'clock, a. m.

APPOINTMENTS.

Gov. Bodwell has made the following ap-
pointments for Knox county men: Justice of
the Peace, Wm. H. Miller, Washington; J. M.
Studley, Warren; Notary Public, Wm. H. H.
Titcomb and A. I. Mather, Rockland.

THE TRAMP

One day recently took a
turn among South Thom-
aston's granite sheds and
quarries. South Thom-
aston was once a place of
shipbuilding, but is now
noted for the quantity and
excellence of its granite
and the skill of its cutters.

Smith & Ingram, one of
the best known firms, re-
port a smashing business.
The firm is turning out a
big batch of monuments for
Chicago and Detroit par-
ties. They are now at
work on two handsome
monuments of cottage

style about 15 feet in height. One of them will
be surmounted by a six-foot marble statue.
While the Tramp was there a big 5-foot base,
weighing about four tons, was started off for
Rockland to be shipped west by rail. Smith
& Ingram have a large force employed, have a
fine situation and have the apparatus wherewith
to do nice work and lots of it.

Brown & Wade are a pushing firm. They
are busy filling small orders for western parties
from their famous "Star" granite—a most
beautiful stone. This stone is well spoken of
by all who have seen it. While at Brown &
Wade's the Tramp saw some polished washers,
machine work, that was very nice. Brown &
Wade do fine work.

M. T. Jameson & Co. were found with a
good crew at work cutting paving and getting
out an elegant sarcophagus. The paving is
for Cincinnati, and more cutters are wanted.
A new boiler is being fitted up. This firm's
quarry is situated near the Big Landing, their
paving being shipped from there by schooner.
Jameson & Co. have a movable track and
patent dump-cars in use at their quarry which
in connection with their powerful derricks
greatly simplifies the handling of enormous
blocks of stone, and expedites the removal of
grout.

George Green's quarry is in St. George.
Mr. Green has government contract to furnish
stone for the national capitol that will take him
a year to complete. He has commenced
quarrying stone for this job. Mr. Green is one
of our most successful stone men. He has had
a valuable experience in the business.

Ward & Stanley, the Weskeag Co. and
Thomas R. Drew & Sons are at work upon
small jobs. The Drews operate their polishing
machinery by means of a windmill, and report
it a successful venture.

ABOUT PEOPLE.

Mrs. A. L. Richardson and son are at Bass
Harbor.

Mrs. D. T. Shattuck of Millbury, Mass., is
in the city.

R. B. Cleland returned to New York
Wednesday.

Miss Lilla E. Searles of Rockport is visiting
her mother, Mrs. E. E. Searles.

Mrs. J. P. Bradbury and daughter Josie are
in Northport for a few weeks stay.

Mrs. Sherer and daughter, Mrs. Stiles, from
Boston, are passing a few days with friends at
the Meadows.

W. H. Harrington and wife arrived in town
Wednesday from Allston, Mass., for a visit to
their old home.

Dr. A. C. Heffenger and family were off
from North Haven Wednesday. Dr. Heffenger
reports work on the Widow's Island sanitarium
about one-third completed.

Carroll W. Clark has been in the city the past
week on business connected with the furnishing
of our proposed new school-house. Mr. Clark
does business at 75 Hawley Street, Boston.

W. J. Thompson, formerly of Ash Point,
still continues the popular and efficient prin-
cipal of the well-known Erskine School, South
China, in this state. The fall term of the
school opens, Tuesday, the 30th of this month.

S. J. Nowell elected principal of the Rockport
High school in the place of George A.
Andrews, resigned, is a very successful teacher.
He is a graduate of Colby University, class of
'82, the class of which Mr. Andrews was a
member.

Mr. and Mrs. W. A. Whitehouse of East
Boston are at present enjoying life among the
hills of New Hampshire. Later they intend
making a trip to Maine, visiting among other
places the towns of Jefferson and Thomaston,
where Mr. Whitehouse formerly resided.

Considerable satisfaction is expressed in
Hallowell at the selection of O. L. Beverage of
North Haven for principal of their newly es-
tablished High School. For several years
students doing High School work have been
instructed at the Classical Institute. The
school will be placed on the basis of our best
High Schools.

E. M. R. R.

A meeting of the Eastern Maine Railway
Company was held in Bangor Tuesday morn-
ing. The following were chosen directors:
Hon. Eugene Hale of Ellsworth, Col. S. D.
Bailey of Bath, Judge L. A. Emery of Ells-
worth, Hon. J. R. Bodwell of Hallowell, Gen.
Davis Tillson, Hon. Maynard Sumner, and
Major G. W. Kimball of this city. The direc-
tors chose the following officers: President,
Hon. Eugene Hale; vice president and treasurer,
Major G. W. Kimball; clerk, L. A. Emery.

BIG THING.

E. H. Mitchell of Livermore is canvassing
Knox county for the "Peerless Steam Cooker."
This is the article that meets the wants of every-
body. The ne plus ultra of labor saving appli-
ances. "Wouldn't take \$25 for it if I couldn't
get another." Is the verdict of those who have
tested it. We bespeak for this cooker an exten-
sive sale.

A SEA BREEZE.

Something About Swampscott, Danvers,
Nahant and Manchester by the Sea.
SWAMPSCOTT, July 26th.

MR. EDITOR:—
Today my COURIER-GAZETTE should arrive
in Boston, and as I am thinking of it—wishing
for it—I will write you of this pretty little wa-
tering place on the north shore, a half-hour's ride
from the Hub, on the Boston & Maine Railroad,
so near Boston, yet so cool. Swampscott ad-
joins Lynn, and the Ocean street drive from
Lynn to Swampscott is famous. There are
many fine residences and three hotels, the
largest the Ocean House near the beach. I
imagine life moves along here much the same
as at all watering places. Breakfasting late or
early—to the piazza with fancy work or the
last novel—or listening to the strains from
Ruddygore or Erminie, etc., morning passes
until bathing time. Then for a plunge. A
young looking mother from Boston is the ob-
served of all observers as she with her large
family take their daily swim. Then a lunch,
then a siesta, then to the drives, and which
one to describe first!

OUR FIRST DRIVE

Was to Marblehead, four miles from Swamp-
scott, reached by steam or horse-cars. Marble-
head is one of the oldest towns in New Eng-
land, having been incorporated only fifteen
years after the landing of the Pilgrims at
Plymouth, and is remarkably rich in objects
of historical interest. The Lee Mansion, built
in 1768, is well preserved. In Abbot Hall is
Willard's noted painting "Yankee Doodle." But
to me Fountain Inn was most interesting, as
I have just been reading "Agnes Surriage,"
and it was here Agnes drew the water for Sir
Henry Frankland whom she afterwards mar-
ried. A little beyond Marblehead is Salem—
a busy place with attractive stores. Among
the points of interest here are the old "Witch
House" and "Gallows Hill," where the witches
were hanged. In our party was a lady from
Omaha, who visited Salem, her father's birth-
place, for the first time. Couldn't help wonder-
ing if there was any witch blood in her veins!
At any rate no one here has more admirers
than she. Nine miles from Swampscott is

DANVERS

a quiet country town, given largely to market-
ing altho' called a shoe town. Here the Endicott
pear tree was planted in 1630, and here also
is the monument to Rebecca Nurse, a victim
to witchcraft delusion, and Oak Knoll, the
summer home of the poet Whitier. Yester-
day we drove over the remarkable floating
bridge. But most enjoyable of all was our
drive to Nahant today. It is the Newport of
Boston, about six miles from here. Part of
the way we drove on the beach—smooth, hard,
shadowless, and the pearly tints indescribable,
and the fascinating waves of transparent blue
rolling nearer and nearer. All that was needed
for a perfect picture was a stranded fishing
boat. As we breathed the salty air and
noticed the glorious cloud formations we al-
most wish we might ride on forever. The
effects of the atmosphere, too, can only be felt,
not described. Leaving the sands we ride on to

NAHANT.

Here the cottages do not equal Newport's, but
each seems to have an individuality, and more
than this an air of home. Such extensive
lawns, so beautifully green, broad piazzas
almost hidden by luxuriant vines! On the
point was pointed the home of Montgomery
Sears, who built a fine house at Bar Harbor
a few years ago. I do not know how many
others he has, but often wonder if having so
many the owners can occupy any of them long
enough to feel at home. I presume the sense
or knowledge of possession is pleasure enough.
The view from this point reminded me of the
view from Warrenton, only I missed the little
picturesque Rockport, nestled in the hills. I
am told land is held very high. Even if one
is able to purchase you must satisfy them as to
your antecedents. All must know all about
your grandfather. The idea of a hotel would
not be tolerated on this "blooded" ground. I
understand from a New York letter that it is
the newest word, but I hardly thought to have a
chance to air it. My friend who has spent
several seasons here says she can tell a Nahant
carriage always. Its occupants, leaning back,
(no carriage robes are used now) have a bored-
world-stuffed-with-sawdust air. Certainly all
we saw had that look, or did we common
mortals imagine it? Presume I should not
have mentioned that carriage wraps are not
fashionable, knowing as I do that Rockland-
ites are always up to the latest, but they think
Rockland too dusty, and fear to spoil their
pretty gowns, for which they are famous?
But to return. We exhausted our stock of
adjectives over this point of interest, and a
woman's stock is proverbially small. Arrived
at the hotel we saw the gaily painted Tally-Ho
coach with its fair occupants with gorgeous
parasols on their way to Manchester by the
Sea, that Mrs. Ellis, that charming woman, has
written up so prettily in the Boston Herald
under the non-de-plume of "Max Elliot,"
making everybody wish to see its beauty for
themselves. But the attempt to advertise the
visit of the president seemed to be a failure,
but we'll wait to go to see "As You Like It!"

I. O. O. F. ANNOUNCEMENT.

The Transportation Committee of the Sov-
ereign Grand Lodge, I. O. O. F., today an-
nounces that the grand official route from Chi-
cago to Denver and return in September will
be Chicago, Rock Island & Pacific Ry., Chi-
cago to Kansas City, Union Pacific Ry., Kan-
sas City to Denver, returning via Burlington
Route, Denver to Chicago. Official train will
leave Chicago for Denver at 2 p. m., Wednes-
day, September 14th.

Counsel for Dr. E. G. Stevens, charged with
murder, through malpractice upon Mary Hall,
waived preliminary examination in the mun-
icipal court at Biddeford, Wednesday. He was
committed to Alfred jail to await trial at the
Supreme Court, next month.

MAINE MATTERS.

The Salvationists have triumphed in Calais,
and now march the streets with their banners
and drums unmolested.

The fall term of Bates college will open one
week from next Tuesday. The Freshmen
class will number about forty.

Little Arthur Boston of Lewiston, while
playing on the railroad track, was run over by
a locomotive, and lost one of his legs.

Forest Groves, aged 25 years, was drowned
Wednesday afternoon at Norridgewock, while
bathing in the Kennebec river. The body has
not yet been recovered.

Capt. Wm. Hodgdon, aged seventy-five years,
died at Boothbay Thursday. He was distin-
guished as the original abolitionist in that lo-
cality and was much respected.

Fort Fairfield has accepted a charter of or-
ganization, and has voted to pay \$500 per
annum for twenty years to any company that
will put in water works, and to exempt said
company from taxation for ten years.

Mrs. S. F. Stevens of Moscow has carded and
spun during the past year 56 pounds of rolls,
and has knit and sold \$20 worth of stockings
and mittens, besides weaving 12 yards of fulled
cloth and 22 yards of plain cloth, at the same
time doing her own housework.

The Skowhegan Fibreite Company have
nearly completed the repairs on the property
leased by them for the manufacture of battery
jars and will probably commence operations
next week. Charles A. Brown of Portland
will be general manager, assisted by Edwin A.
Heath of Waterville.

Mr. Hagan, the Canadian Pacific contractor,
who was badly injured by blasting near Moose-
head Lake, is doing well. He was terri-
bly bruised, but fortunately no bones broken.
It will be some time before he will be out. The
other man's injuries were not so severe, and he
will be at work again in a few days.

There is a good deal of sickness among the
crowded, swarming tenement houses in Lewiston.
There have been quite a number of deaths
daily, especially among children. The Journal
says that overcrowding in some parts of the
city is suicidal. Large families are frequently
found, two rooms only to a family.

Sheriff Webb of Cumberland County writes to
Gov. Bodwell that he has enforced the liquor
law to the best of his ability. Since January
1st he has seized 4,102 gallons of all kinds of
liquors, the hiding places being in great variety,
from a hen coop to a mansion, and the amounts
taken being from a gill to a barrel.

There seems to be no lack of money in Ken-
nebec county seeking investment in enterpris-
es conducted by reliable men. Ex-Clerk of
Courts Otis opened the subscription list for the
new bank which he is to be connected with at
West Superior, Mich., on Wednesday. He
obtained \$20,000 before he had hardly started
out, says the Augusta Journal.

The Methodist Society of Belfast is building
a society cottage on the camp ground, on the
left of the circle on the site where the society
has tented for many years. The building will
be 22x55 feet on the ground, and two stories
high. The first floor will be used as a chapel,
and for cooking and dining rooms, and the sec-
ond floor will contain thirteen rooms owned by
individuals. The building will cost \$500.

A sailor named Sheridan who shipped on the
bark Neophyte which sailed from Bangor for
Scotland last week made his way to land
again while the bark was off Eagle Island. He
procured a ladder, lowered it over the side of
the vessel, and using it for a float swam for the
shore about a mile distant. It was a risky feat
as the fog was very thick at the time, but the
fellow didn't like the prospect of a long voy-
age. He belongs in New Orleans.

The Skowhegan Reporter says that Mr. D.
Stewart, surveyor of the Boston and Quebec
Air Line, has been ordered to discontinue the
survey. The delay caused by the adverse ac-
tion of the commissioners, has caused certain
capitalists that were interested in the project
to pull out and the effect this will have upon
the enterprise is not known. Mr. Stewart has
completed the survey to within eight miles of
the Forks. The arrival of Mr. Keene is inter-
ested in Skowhegan with considerable await-
est.

Capt. Charles Berry of Biddeford has been
of late employed by the Boston & Maine road
to work upon a gravel train in the construction
of the York Harbor & Beach Railroad. Wed-
nesday afternoon he was at work shovelling
gravel into a car at Kittery, when a huge
boulder weighing two tons became dislodged
thirty-five feet above him, and falling, caught
and jammed him against the car killing him
instantly. His body was nearly cut in twain,
and it was found necessary to remove the car
from the rails before the body could be re-
moved.

The taxpayers of Bath who have been as-
sessed to pay a tax of \$1000 and upwards are as
follows: Charles Davenport, \$2,772.20; John
O. Patten, \$2,013.50; John R. Houghton, \$2,-
006.50; Samuel D. Bailey, \$1,295.50; John
Emery estate, \$1,591.00; Levi W. Houghton,
\$1,762.50; Silas Houghton estate, \$1,127.
Sarah H. Jenks estate, \$1,242.00; John H.
Kimball, \$1,201.30; Henry E. Palmer, \$2,005.
70; Frederick H. Patten, \$1,250.75; Charles E.
Patten, \$1,596.74; Estate of John Patten,
\$1,413.20; Arthur Sewall, \$1,489.95; estate of
Edward Sewall, \$1,488.10.

The Oxford County Agricultural Society
have completed their new track on their
grounds between South Paris and Norway.
The shape of the track has been entirely
changed, and it is now on the same plan as the
State fair track at Lewiston. Horsemen call it
a very fine and fast track. The society have
just placed it in the jurisdiction of the National
Association, preferring to remain where they
and the public have been well used in the past
rather than try any experiments of joining the
new American. The Oxford County Horse
Breeders' Association will hold their first meet-
ing and dedicate the new track Aug. 18th.

OUR CIRCULATION.

The regular weekly circulation of the **COURIER-GAZETTE** is 2014. This is the largest circulation attained by any paper in Knox County, and nearly all of it is in that county and in the neighboring ones of Lincoln, Waldo and Hancock. We invite the most complete investigation of our claim, and will show our circulation to our books to anybody who may wish to see.

ALMOST INCREDIBLE.

A correspondent writes that notwithstanding the hot weather of the summer months there is a small mountain in Appleton on which there is snow the year round.

BIG HAUL.

Wednesday the police called at the Palais Royal kept by C. S. Coombs, and proceeding to an upper room, made a big haul of cherry wine, whiskey, lager, brandy, etc. The case has not yet been tried as the exact whereabouts of Mr. Coombs is not known.

OUR HARBOR.

Major J. A. Smith, United States engineer in charge of the works of improvement upon the Maine and New Hampshire coasts, submits his annual estimates for expenditures necessary during the coming fiscal year, and recommends that \$100,000 be appropriated for Rockland harbor.

PROHIBITION.

The Lewiston *Journal* has sent out circulars to 300 persons in Maine, making inquiry as to the working of the prohibitory law and its results in their community and under their observation. From the returns of these correspondents it sums up Knox and Lincoln counties as follows:

Knox—The amended law caused a stampede of the sly ones, but yet secret selling is prevalent.

Lincoln—The law splendidly enforced in the entire county.

AT VERONA.

The Spiritualist camp meeting at Verona is in session and will continue through this month. Several Rockland parties are in attendance and more are going this week and next. It is a beautiful place and all who visit it are delighted. Some of the speakers are Y. D. Styles of Massachusetts, Geo. A. Fuller of Boston, Mrs. Gladding of Philadelphia, Mrs. Morse of Seabrook, Mrs. Wentworth of Knox and others.

THE MEADOWS.

Edward Blackington and wife and Mrs. H. Martin of Boston go to Verona this week to attend the camp meeting. Miss Eva N. and Frank A. Farrand went to Northport Saturday for a two weeks stay. Miss Ida B. Smith will join them there on Wednesday. Leland C. Blackington, Jr., is spending a week at R. S. Blackington's, West Camden. Two applicants joined the Grange last week. Another application this week. A large delegation will go to Union on Friday to hear Mr. Whitehead.

TWENTY SUITS.

T. L. Force, esq., of this city has brought 20 suits against parties in Belfast, Seabrook and Stockton for the infringement of the law for the protection of salmon. These suits are brought on complaint of John L. Thompson of Newcastle, fish and game warden. They cover some 40 violations of the law and will be entered at the October term of court in Belfast. One element of the defence will be that the defendants will claim to be in Penobscot river, which is exempt from the operations of the law under which the suits are brought.

S. S. CONVENTION.

Thursday, August 18th, is the day set by the Knox, Lincoln and Sagadahoc Sunday School Association for their Ninth Annual Mass Convention at the campground in Nobleboro. The committee of arrangements are Revs. L. L. Hanson and J. R. Bicknell, this city; A. F. Dannels and R. S. Gilkey of Bath.

Due notice will be given for the arrangements as soon as they are completed. We are informed that more than usual is being done to make the convention a success. A large organ will be given the Sunday School, which sends the largest per cent of its membership.

SETTLING UP.

T. L. Williams, one of the principals in the Tenant's Harbor sensation, reported by us last week, left town after the affair, and was in Boston during the week. J. H. Allen of the firm of Allen & Emerson, Boston, has been in the vicinity, with full power of attorney from Mr. Williams to settle up his estate. Mr. Williams has at Tenant's Harbor a store containing some \$3000 worth of goods. He has instructed Mr. Allen to dispose of matters for the best interest of his creditors, as he wants the business settled up as squarely as possible. He has placed the business in good hands, as Mr. Allen is well known in this vicinity and highly respected.

ON THE RIGHT TRACK.

The street committee of the city government are responsible for a good job in the way of permanent improvements. Under their supervision a sewer has been constructed from tide-water up to and under the lime-shed of K. C. Rankin & Son and connecting with the sewer leading across Main at the foot of Rockland street. A similar plan will be tried at the foot of Warren and James streets. We hope to see this done at the foot of other streets leading into Main, and that eventually these terminal sewers may be continued up the various streets. This would make the beginning of a fine system of sewerage.

With wide tires and good sewers we would be free of our filthy mud.

FISHING FACTS.

There are now reasons for believing that the administration has made some sort of overtures to the British government for a settlement of the fishery question which meet the approval of both Englishmen and Canadians. The Grand Bank fisheries are reported a failure. Wednesday, the captain of the steamer *Interpel* seized the fishing boat *Gold Dust*, belonging to Mr. Blanchard, a sardine packer, at Eastport, while taking in fish at Fair Haven, Deer Island. This boat has been running all the season without once having complied with the law for entering or clearing at the custom house. She was towed to St. Andrews and orders are awaited from Ottawa.

DIAMOND DOTS.

Since our last issue the Rocklands won two games and lost two. They beat Bangor in this city, Wednesday, the score standing 13 to 5, beat Bangor again Thursday in Bangor the score standing 10 to 5, lost to Belfast in Belfast Friday 12 to 2, and again in this city yesterday 13 to 5, and have now suspended operations, standing second in the league, with Belfast first and Bangor last. The salaries of the men were paid in full last evening, and they leave today for their homes. They have conducted themselves like gentlemen and have made many friends here. The club disbanded for lack of support. Manager Quinn who left Saturday acted very squarely in the matter, and with any kind of a fair show would have made the thing a success. He is an able baseball manager, and we expect to hear from him in some of the baseball cities next year.

Quinn of the disbanded Rocklands has signed with Belfast.

W. Fenner of Providence, R. I. Rev. W. M. Kimmel officiated, a small party of relatives and near friends being present. Five young gentlemen friends of the groom were of the party. After the wedding and lunch the wedding party took the train for Portland and Moosehead. After a sojourn at these places they will go to Providence, the home of the groom where they will reside. The bride looked very attractive in a costume of white silk, of a shade of red, square neck and tea roses. She is a charming young lady and carries away with her the sincere good wishes of very many friends. The groom is a most estimable young man, a harmonist by profession, and has a fine business. The presents were very many and very beautiful. Congratulations.

PASTOR AND PULPIT.

Union services were held in the First Baptist church Sunday evening by the Congregational and Baptist people. Rev. Mr. Hatch preached. Rev. S. P. Merrill of Rochester, N. Y., will preach in the First Baptist church next Sunday. Following Sunday services there will be no preaching services in this church. Rev. Henry Jones of Camden will preach in St. Peter's church next Sunday if the day is pleasant. Bishop Nealley is expected to officiate in this church some evening during next week.

OUR VISITORS.

Hiram G. Berry Post, G. A. R., of Malden, Mass., will arrive here next Monday afternoon on the train, 10 strong including the band. They will be met at the depot by Edwin Libby Post and after parading some of the principal streets will be escorted to their quarters, at the Thorndike. Tuesday they go to Crescent Beach and Tuesday evening they will be entertained in Farwell Hall.

MAIL SERVICE.

A steamboat service has been established from Bancort to Deer Isle, fifty miles, and back (exclusive of terminal service) three times a week, by a schedule satisfactory to the post-office department, from Aug. 9 to September 30, 1887.

Mail messenger services have been established as follows: "Deer Isle and North Deer Isle, Hancock Co., from Bangor & Bar Harbor Steamboat Landing, three and three-fourths miles often as required. From Aug. 9 to Sept. 30, 1887."

AN INJUNCTION.

Which Our Warren Neighbors Want Put Into the Powder Mills.

At the special town meeting held at Warren Saturday last to see what action the town would take in relation to the operation of the Warren powder-mills, the town voted to instruct the municipal officers to take measures and learn if possible what can be done and carry out the same, to prevent the rebuilding and operating of the works to the damage of buildings and the injury of the people.

J. E. Hanly, esq., of this city appeared for the Powder Co. notwithstanding his able plea only two voted against the proposition.

SUMMER SOUNDS.

A large party picnic at the Turnpike today. A party numbering 25 including Meserve's Brass Quintet went to Caticine Sunday in the May Field, and were royally entertained at the Acadia House by Landlord Ford and Messrs E. C. and W. A. Walker. The sail was delightful as was the day, the company congenial and the hotel menu all that could be asked for.

The excursion to Spruce Island, over the K & L Saturday was largely attended, notwithstanding the unpleasant weather. Quite a party of our citizens swooped down on Landlord Brennan at Port Clyde in fine style, Sunday. A big party went on the excursion to White Head today. Meserve's Brass Quintet accompanied them.

COMING REUNIONS.

Aug. 24th is the date of the Starrett reunion. It will be held at Reunion Grove Farm, Warren.

The annual reunion of the Ingrahams will be held the first Wednesday in September near the residence of G. L. Farrand.

The annual reunion of the Sixth Me. Battery will be held at Seabrook the 10th and 11th of this month, Wednesday and Thursday of this week.

The eleventh annual reunion of the Cope-land family will meet at the house of Mrs. Chloe Morse in East Warren, tomorrow, Wednesday, August 10th. If not pleasant the first pleasant day thereafter.

NICE BUILDING.

A School House the North-end Can Well be Proud of.

The plans of the proposed North-end school-house are now in the hands of the committee on schools and school houses, and a reporter of THE C-G. had the pleasure of overhearing them last week. They foreshadow a handsome and elaborate structure, facing east, with a tower in the front center. The basement is provided with all the modern conveniences, janitor's room, boiler room, etc. There are to be three school-rooms on the first floor, for primary department, there being hallways and a hall in the center. On the second floor will be two commodious school-rooms, one of them, the grammar department, being provided with a large recitation room.

The plans have not yet been accepted but probably will be, with some slight modifications.

WHITE CAPS.

E. B. Mallet, Jr., of Freeport, has recently launched a pretty sloop yacht, the *Restless*, and during the week has been making a cruise in this vicinity, coming into this harbor Thursday from Bar Harbor, and sailing Friday homeward bound. The *Restless* is sixty-one feet long and about thirty tons burthen. W. T. Banks, E. C. Robinson, E. L. Drake and F. H. Tobey returned from their yachting cruise in the *Yokohama* the early part of the week. Next time... Cutters White Wings, Rondina and schooner *Priscilla* were here Tuesday from Bar Harbor. They sailed Wednesday for Boston. Steam yacht *Hannibal*, schooners *Maggie* and *Raven* of Portland, and sloop *Branthill*, Boston, arrived Friday and sailed Saturday for Bar Harbor. Steam yacht *Vanduse* of Islesboro came in here Friday and sailed the same day. Yacht *Ambassadors* was here Thursday from Bar Harbor and sailed Friday for Boston. Steam yacht *Addelphi*, bound to Bar Harbor, was here Friday. E. P. Sullivan of Bangor, formerly of this city, and several Bangor friends, are away on a week's cruise in yacht *Starlight* of this city. Fred Macomber of this city is sailing on the Yacht *Gertrude* of Bucksport was here Friday and sailed.

CITY COUNCIL.

At a special meeting of the city council last evening the order introduced a week ago relating to taxes was amended, making all city taxes due Aug. 15 and placing interest at eight per cent, on all remaining unpaid after Oct. 15.

People say how do you sell Goods so Low?

We Handle \$1,000,000 Worth of Goods Annually.

Our small competitors who do a business only one-tenth as large must realize on each sale a much larger profit to obtain a bare living. This proves conclusively that shrewd buyers should buy only of large concerns. We have the largest and finest stores in Maine in Rockland and Portland. We are the Liberal House Furnishers of New England, selling goods Lower than the Lowest.

OUR RANGES
TAKE THE LEAD.

Made from New Iron; when buying of us you are not getting ranges made from old rusty iron. We warrant ours for one year from all breakage; we also warrant them to be perfect bakers in every respect. Come to us if you want to get a perfect Range, made from the best material. The only Range that has the Patent Remover in the oven, which every housekeeper declares is lovely. No burning of arms with these celebrated Ranges.

FURNITURE FOR THE MILLION.

Schooner S. E. Davis is at Tillson's wharf to be sold.

White & Case have made improvements about their store.

Oliver Gay is in charge of R. W. Messer's new store, Sea street.

The youngsters do quite a business peddling the fragrant pond lily.

There was a cutting affray on the Point Friday night. No arrests.

Rankin and North Main street walks have been undergoing needed repairs.

Rockland is scared of one man. Tax Collector Erskine. He has the tax lists.

A young fellow named Day narrowly escaped drowning at Crescent Beach Sunday.

Capt. Anson Butler was quite seriously injured last week by falling from a step ladder.

Work is progressing on the house of A. T. Prescott, corner of Orange and Pleasant streets.

Lewis S. Ulmer is using a very handsome net on his horse that his father used fifty years ago.

The monthly meeting of the Board of Trade occurs this evening in the city government rooms.

There was plenty of music on the street Thursday evening, harps, violins and hand-organs being unusually thick.

A Bucksport party came here on an excursion Wednesday, and went over to Thomaston to see the prison.

The statement of the K. & L. R. R. for June '86 and '87 is filed. June '86, \$11,860.87; June '87, \$12,569.67; gain, \$708.80.

R. W. Messer has completed the addition to his house, and is giving the whole a coat of paint. He has a handsome place.

The W. W. Rice Engine Co. and the Hook & Ladder Co. of Thomaston will make an excursion to Belfast and Fort Knox next Tuesday.

Friday evening Edward Holt, while attempting to jump on a moving truck team, fell under the wheel which passed over his ankle, fracturing it.

A party of nine of our nicest looking young ladies backboarded it to Camden Thursday and made a tour of the stone cottage, "Villa Norumbega."

About sixty of the new black regalia for Claremont Commandery, K. T., have been completed and shipped. They will probably be received this week.

H. C. Day, at his machine shop, Tillson wharf, is getting out a batch of trip-hammer dies for the Bowdell Granite Co. He reports a steady run of business.

B. J. Shaw, an employee of the K. & L. R. R. at Woolwich, thrust a big spike into his foot one day last week and is now laid up at his home in this city with a very bad wound.

The mud-digger, Plymouth Rock, was at Tillson wharf, Saturday, with her scows around her, waiting for an opportunity to get to Portland, after doing good work about Rockland wharves.

Judge Hicks has found A. J. Small and Frank Wardwell, charged with the sale of intoxicants, not guilty. From the evidence in the case we fail to see how any other verdict could have been given. F. R. Rowell, esq., was for the defense.

Complaint is made that the Holmes street bridge should be lowered a foot, so as to permit the water, which accumulates there, to pass off. It is very thickly populated in this vicinity, and the stagnant water there is a dangerous nuisance.

B. A. Atkinson & Co.'s big team arrived Wednesday, and Manager Kimball has kept it busy. It is a big affair, and will shortly be supplanted by a new vehicle now being built. Fred Ayer of Portland is driver. John Donahue has been engaged by Mr. Kimball as assistant.

A Deer Island man named Hamblen was in this city a few days ago and bought a cargo of lumber for a new house. The schooner chartered to take the lumber ran onto a rock off Thurlow's Island and it is feared will be a total loss. The lumber was saved and towed to West Deer Isle in a raft.

On page one will be found a bit of local history, something of interest to soldiers, the "Tramp," a few personals, a "Sea Breeze" from Swampscott, and Maine news. Pages 4 and 5 are devoted to miscellany and on the last page will be found local matter, "Outlook" and a few cuttings from the county.

Isaac C. Atkinson, general manager of B. A. Atkinson & Co., was in town Wednesday and learning that Rockland had a baseball club that was downing its up-river opponents generously donated the boys a check for \$10 to keep up the credit of the town. Mr. Atkinson is very pleasantly impressed with our city and believes in her future.

S. H. Gurdy recently bought the Gay field, opposite the Gay schoolhouse, of Capt. Charles Marston—about three acres of land. This land he has had plowed up and is putting a road in, which will be sort of a continuation of Cottage street. This road opens up 12 or 15 nice building lots. Trees will be set out along the lower portion, and other improvements made.

Cheering reports come from Garden Point. Mr. Richardson says his crops this year exceed all his expectations. He has commenced picking cucumbers and tomatoes for pickles, and is digging his potato onions. Early cabbages are heading handsomely, and not a worm has thus far put in its unwelcome appearance. Raspberries—and beauties—are being picked, and the first blackberries will be gathered this week.

J. D. May has just purchased the vacant lots on Grove street opposite his residence and contemplates building on one of them, and selling the other to some party who will also build. There are five vacant lots on this street and if the right kind of houses are built on them, would make one of the prettiest streets in the city. The land is high, with good drainage, is handy to the schools and convenient for parties doing business down town, and nice buildings going up all around it. Grove street, it seems to us, must shortly take a boom.

Two of our young men had a pugilistic match, a la Mike Daly, on Main street, Saturday forenoon.

J. H. Flint, J. F. Singh and M. A. Austin will each build cottages at Pleasant Beach before another season.

The nicest green corn we have eaten this year was fresh from the garden of A. J. & J. A. Tolman, at the Meadows.

John S. Ranlett and Isaac Mack gave their trotters a turn about the square Friday. Mr. Ranlett's steed won the purse.

Samuel Tyler, esq., now occupies the eastern half of the Spear house on the corner of Park and Union streets, vacated by C. T. Spear.

AMUSEMENTS.

Andrews' "Michael Strogoff" Company, consisting of some twenty-five members, will appear August 30th.

There is talk of an excursion over the K. & L. R. R. to Bath and from there down to Poppon Beach. Such a trip ought to be popular.

The Daily Combination gave a variety entertainment in Farwell Hall Saturday evening to a large house. Some of the specialties were very good, particularly the contortion performance. The entertainment closed with a sparkling exhibition between Mike Daly and Marcellus Baker.

SOME OTHER WAY.

Our Lime Manufacturers Make the Right Kind of Talk.

At the special meeting of the city government last evening, a committee of the lime manufacturers appeared before the municipal officers and by their spokesmen, Hon. A. F. Crockett, Capt. George Gregory and Wm. T. Cobb, esq., made statements to the effect that the lime burners of the city had under advisement some means of rock transportation which would lessen the expense and do away with the heavy teaming upon our streets. They stated that the matter was as yet in too crude a state for any definite outline of the proposed method of transportation, but some kind of a railroad will probably be put in. This is, of course, providing that the promoters of the scheme have sufficient encouragement from the city council and citizens.

Our lime manufacturers mean business, and if nothing untoward happens Rockland's streets will soon be relieved of the demoralizing narrow ruts of our heavy-laden rock teams. If the wide tire ordinance has had anything to do with bringing our business men to this determination it certainly can be allowed to retire with honor.

THE ARTILLERY BOYS.

Vinalhaven Never Does a Thing by Halves as Everyone Knows.

A great time at Vinalhaven expected Aug. 23, on the occasion of the annual reunion of the 1st Maine Heavy Artillery which will be the first regimental association that ever held a reunion at this place. A committee of 63 has been appointed to carry out a general program for the reception and entertainment of this noble regiment. The committee consists of 10 from Lafayette Carver Post, G. A. R., 15 from the Relief Corps, 8 from the S. of V. Camp, 30 from the citizens. The town having appropriated \$500 to be used for this occasion, and the long list of names in the several departments cannot but guarantee a patriotic reception for the noble boys who wore the blue.

Arrangements have been made for the steamer Pioneer to leave Rockland soon after the arrival of the morning train from Portland, which gets into Rockland at 11.15 p. m. The boat will arrive at Vinalhaven at 1.15 p. m. Soon after or near that time the steamer Rockland will arrive from Bangor. We shall give further particulars next week.

INGRAHAMVILLE.

C. has commenced work on the foundation of his cottage....J. E. Hanly's new cottage is nearly completed. It has eight rooms, and is supplied with Oyster River water....J. H. Stover and family are occupying the cottage....N. B. Cobb and family are stopping at their cottage....Mr. and Mrs. Charles E. Harwood and two children of Attleboro, Mass., are visiting at Milton, Rockland....Mrs. F. L. Shute and child of Holyoke, Mass., are at Mrs. Shute's father's, John Perry's....Misses Jessie, Edith and Maud Lenfest of Thomaston are visiting their cousin, Miss Carrie D. Clark....Miss Clara Spaulding who has been at home the last week, returned to Boston today....Mrs. W. E. Rivers of Boston is visiting friends in this place....Mrs. Henry Burgess who has been visiting her father, John Perry, returns to Belfast today....Mrs. Wm. Whitney entertained a large company of friends last evening.

LOWEST BIDDER.

The Hurricane Granite Co. has been notified that its bid on the new county court-house, to be erected in Pemberton square, Boston, is the lowest, but no contracts have been received yet. It will be remembered that this company is now at work on a contract covering one-fourth of the entire building, and the new contract covers the remainder.

The building when completed will cover a space of 65,346 square feet. Its height will be 80 feet and 200 feet to the top of the dome. The amount of stone required for the building will be 100,000 cubic feet.

The commissioners of the county came here this morning. They are Mr. Stebbins, chairman, Messrs. Morse and Whidden, and Mr. Clough, architect. They went on the Mayfield, visiting both the Bowdell and Hurricane quarries, and were very much pleased with the appearance of things.

TWO PORTLAND FISHERMEN CAPTURED A SEA TURTLE THE OTHER DAY THAT WEIGHED 1432 POUNDS.

Bar Harbor has a seventy-five thousand dollar washwoman, at least so rumor says. She cannot be induced to sell her house and lot, which is in the vicinity of High Brook road, and very near to the palatial residence of W. S. Gurnee. She still dallies with the foaming suds, and takes daily gymnastic exercise with hot flat-irons.

GREAT HORSE SALE.

McCafferty Brothers of Fort Worth, Texas, will sell two car-loads of choice western horses at auction to the highest bidder, Friday, August 19, at Knox Trotting Park in Rockland. These horses are not common Texas ponies, but are bred by good Kentucky stallions out of fine Texas mares, which makes a very desirable horse for either saddle or driving. They are from 14 to 15 hands high, and weigh from 800 to 1000 pounds each. The McCafferty Bros. have sold the past year in New England some 1300 horses, which demonstrates that their sales are genuine. The Cow Boys will give a free exhibition of roping and riding a horse at full speed, etc. The horses can be examined at the Park previous to the sale. Call and be convinced that they are good ones.

THE NEREID.

A Handsome Addition to Our County Yacht Fleet.

Capt. W. B. Young and P. A. Norton of Matineus have just completed a fine yacht for Capt. Edson Archibald, which was launched Saturday. She is 31 feet long over all and 28 feet on the water line, and 10 feet beam. She is cutter rigged, with a V stern and is planked on deal wood. Her material is of the very best, her planking being first quality Virginia cedar. She spreads 375 yards of canvas, her sails being made by S. T. Mugridge of this city. Her blocks are of cherry, and come from the manufactory of G. F. Kaler & Co. of this city. Her galvanized work was done in Boston, and Z. O. Bragg of this city did the iron work. The yacht's name, nicely carved by F. C. Norton, is the Nereid, and if she doesn't prove a veritable sea nymph her looks belie her.

Messrs. Young and Norton are master boat-builders and have built some fine looking and fast sailing boats, but this yacht is considered to be the greatest work of art that has ever been wrought by them, and is claimed to be one of the handsomest if not the handsomest in the state. "She's a beauty," they all say.

ALLEN-STONEFIELD.

A Knox County Young Man Weds An Accomplished Western Lady.

A recent copy of the Lead City (Dak.) Pioneer gives notice of the marriage of J. Leroy Allen, formerly of South Thomaston, to an accomplished western lady, Miss Lorena Stonedfield, the happy event occurring July 25th. Mr. Allen is one of the most estimable young men who ever went from this county. He is smart, stirring and energetic, and his many friends in this vicinity extend their heartiest congratulations in view of the marriage. The Pioneer has the following pleasant hymeneal notice:

"Mr. Allen came to Lead in 1881 and entering the employ of the Highland Mining Company, soon rose to the responsible position of amalgamator, which he still retains. A thoroughly temperate, industrious and intelligent gentleman, he is popular with all who know him. The bride arrived in Lead City from Sioux Falls two years ago, and is a most estimable and accomplished lady."

The wedding was a very quiet affair, only witnessed by a few intimate friends, the bride and groom being assisted by Miss Gussie Severance and Mr. J. V. Craig, who accompanied the happy couple from Lead. The best wishes of a large circle of friends, in which the Pioneer joins are extended to Mr. and Mrs. Allen."

After their arrival a pleasant reception was given the wedded pair at the Springer House.

Steamer Mollie made several trips down river last week and will do so the present, taking pleasure parties.

Mrs. Irene Barrows and daughter Mrs. George Linnville are visiting her son Frank Barrows and other relatives.

O. A. Spear and family, with Mrs. W. H. Hodgman and son Percy, camped on Gay's Island last week.

W. H. Hodgman has purchased the interest of Benj. Newbert in the barber shop, and his premises will be sold to the razor assisted by Mr. Dyer.

A. M. Wetherbee and son pitched their tent on Marshall's Island, enjoying themselves with George and E. Stone, looking over the various islands for curios.

A. E. Castner has sold his building by the village bridge, and will commence to get the cellar ready for the erection of his house, on land purchased of Benj. Rokes.

The annual reunion of the Newbert family will be held in the Starrett grove Aug. 17th instead of the 27th. If stormy on that day it will be deferred until the first fair day.

The excursion to Squirrel Island Saturday took 22 from this place. The day was unfavorable, but all seemed to enjoy themselves and desire to make another trip when fog is not so plenty.

Grangers and farmers should not forget the meeting to be held in Union this week, Friday, afternoon and evening, when National Lecturer Mortimer, Whitehead, will speak on matters connected with the Grange. State Master Robie will probably be present and a treat is expected. The meeting in the afternoon will be public, while that in the evening will be confined to the members of the order.

An able sermon was preached by Rev. Mr. Pettengill at the hall Sunday, and a goodly number were present. Text—Galatians, 6:2—“Beware ye another's burdens.”

After a visit to his relatives in the Province, he will locate in some other part of the state. Rev. A. G. Pettengill also, is expected soon to sever his connections with the Congl church here the first of next month or as soon as the remodeling of the church is completed and rededicated. We cannot but regret the departure of these two men as they both are good citizens and faithful pastors.

ROCKPORT.

Mrs. Augustus E. Orleton of Albion, Nebraska, is visiting in town.

Joseph Millett and wife, who was Miss Minnie Barnes, of Brooklyn, N. Y., are visiting Mrs. O. P. Shepherd.

Dr. H. P. Smith, Christian scientist of Boston, is spending a few weeks with G. W. Achorn.

Mrs. Jenks and daughter of Newport, N. H., are visiting Mrs. John Handley at Beauchamp.

Miss Emma Tucker is in Thomaston.

Gen. H. B. Cleaves of Portland is a guest of Hon. F. E. Richards.

Ralph Paul is learning to make the famous horse collar manufactured by C. M. Knight & Son.

Nelson Nutt suddenly became crazy Sunday.

Willie Thayer, a young man 16 years of age, had a paralytic shock Sunday.

Dr. Thurston, clairvoyant, has his office at the Carleton House.

Rev. F. S. Bickford of Sanford preached in the Baptist vestry Sunday forenoon and evening. He is expected to preach in the same place next Sunday.

The following have been at the Carleton House the past week: M. W. Manter of Reading, Mass.; Clark Reed, W. Kent and wife, Thomas Dennison and H. E. Quinn of Boston; Perkins and Bennetts, agents for Sanford Woolen Mills, Sanford, Me.; Geo. Gregg, Lowell, W. A. Campbell and wife, Thomaston; D. L. Taylor, Bangor, Me.; E. E. Fuller and wife from Albany, N. Y.; Capt. G. O. Hollowell and wife, Warren.

Br. John Walsh, Jr. is ready to sail worded and lumber from Rockport Ice Co. for Port au Prince.

MATINICUS.

No more lobsters this season.

Mackerel have arrived at last.

The farmers here are having an abundance of hay this season.

New potatoes are plenty and cheap. They are selling for \$1 per bushel.

The members of the male quartet are striving to organize a walking match.

We think that the owners of dogs should keep them in the house nights. One did considerable damage down in "Dog Town" last week.

Ten vessels were anchored off Sandy Beach one night recently. We expect when Uncle Sam builds the refuge a large fleet will harbor there.

The community here was shocked and saddened Wednesday by the sudden death of one of our respected inhabitants, Mrs. Betsy Condon, wife of Oliver Condon. Mrs. Condon was a quiet and respected lady with many friends.

Capt. Thad. Wallace was at home last week. Capt. John Grant has returned to Matinicus Rock. Samuel Horton of Deer Island was in town last week. Ezekiel Condon of Vinalhaven was in the place a few days ago.

Mrs. John Crie and daughter Minnie have been in town visiting friends. Mrs. Jackson Philbrook of Owl's Head was in town a few days last week. Mrs. Susan J. Young made a short trip to Rockland last week. Lincoln Young has returned from Winslow, where he has been visiting friends. Mr. and Mrs. Edw. Williams of Taunton, Mass., have returned to their home. CITY OF ROCKLAND, MAINE.

Board of Health, June 11, 1887.

To Hon. Thomas H. Haskell, one of the Justices of

the Supreme Judicial Court of the State of Maine,

Section 7, paragraph 3 of Chap. 123 of the Public

Laws of 1887, empowers and makes it the duty of

Boards of Health:

"To make, alter or amend such orders and by-

laws as they shall think necessary and proper, for

the preservation of life and health and the success-
ful operation of the health laws of the state, subject
to the approval of any Justice of the Supreme
Court."

In accordance therewith, we submit the following

orders of the Board of Health, for your examina-

tion and approval.

Respectfully submitted,

S. H. ROYSTON,

P. E. HITCHCOCK,

C. E. LITTLEFIELD,

Board of Health of Rockland, Maine.

Orders of the Board of Health of the City of

Rockland, Maine.

Approved by

THOS. H. HASKELL,

One of the Justices of the Supreme Court of Maine

CITY OF ROCKLAND.

Orders of the Board of Health, of the City of

Rockland, Maine.

ADOPTED JUNE 11, 1887.

1. On and after the first day of July, A. D., 1887,

no person shall be allowed to construct any privy,

cess pool or any other receptacle or conduc-

tor for draining for filth, of any kind in any locality,

within the city limits, where access can be had, for

discharge to a public sewer. When, upon proper

application made in writing to the Board of Health,

any cess pool, cess pool, receptacle or conductor,

constructed and maintained prior to the adoption of

these orders shall after careful and thorough in-

vestigation, be adjudged by the Board of Health to

constitute a nuisance, or a source of danger to the

public health, such cess pool, cess pool, receptacle

or conductor, shall forthwith be discontinued and

abolished, when the nuisance exists in localities

unprovided with proper street sewers, such disposi-

tion shall be made of them as the Board of Health

may determine.

2. Whenever any reasonable complaint is made

regarding the keeping of any swine within the city

limits, the inspector shall order the swine to be re-

moved.

3. Any accumulation of refuse matter such as

swill, waste of meat, fish or shells, bones, decayed

vegetable, dead carcasses, excrement, or any kind

of filth, which may decompose and generate disease

germs, or unhealthful gases, and thus affect the pub-

lic health, shall be removed from the place of its ac-

cumulation, or in the immediate vicinity of any

dwellings, or place of business shall be consid-

ered a nuisance and may be removed, or dis-

posed of, either by burial, burning or otherwise,

and in such manner that it may not be offensive to

the neighborhood wherever located.

4. No diseased animal or its flesh, and no decayed

meat, fish, vegetables, or fruit, or impure or

adulterated milk, nor any impure or adulterated

food, shall be sold or offered for sale as food.

5. No refuse matter, such as swill, waste of meat,

fish or shells, bones, decayed vegetables, dead

carcasses, excrement, or any kind of filth which may

decompose and generate disease germs or unhealth-

ful gases, or obstruct the flow of water therein, shall be

thrown or deposited in the city limits, in the "land-

scrap brook" or any of its tributaries.

THE ALMANACKERS.

The eighth annual convention of the contributors to the Maine Farmer's Almanac was held at Hotel North, Augusta, Wednesday the 27th ult. The following program was announced on the invitation cards:

Call to order and remarks by the President, Rolland Saltonstall.

Election of officers, Ordinary notices and resolutions.

Essay.

Recess, social season.

Dinner, toasts and responses.

Reading of letters.

Poem.

Valuedictory.

Soon after 10 o'clock the president of the convention, our genial West Washington correspondent, known as "Tom Scott" by the almanac fraternity, called to order, and after a few happy remarks called for the reading of the minutes of the last convention, which was done in a very felicitous manner by Secretary William McDavid, D. D. S., of Augusta known as "Avon." The roll-call was by "Adrian," and though not up to the standard of its predecessors was kindly received by those present. The salutatory was by Hon. Josiah H. Drummond, "Hurrah," whose name and fame are a sufficient guarantee of something rich and spicy. He was at his best, and his remarks were listened to with interest by all. The following officers were elected: President, T. H. McLean; secretary, Wm. McDavid; treasurer, Chas. E. Nash; chaplain, Rev. J. Hemenway, no deaths having occurred among the members there was no occasion for obituary notices.

The essay was omitted on account of the non-appearance of "Lew," to whom it was assigned. The social season which followed was one of the pleasantest features of the program. After dinner the toastmaster gave the following sentiments: "Our State" and "Augusta." The toast was responded to by "Hurrah," and was a glowing tribute to the old "Pine Tree State." The second "vase," V. A. Sprague, Esq., of Dexter, responded to Mr. Sprague seems to be always in good humor and always manages to keep his audience in good humor, too. One of the speakers alluded to Mr. Blaine as one of the productions that the state was willing to contribute for the good of the nation. The name of Blaine was received with hearty applause.

Reading of letters was delegated by Capt. Nash to "vase," who read several letters of regret and kind wishes from many in this and other states. Among them were very interesting letters from the venerable Noah Barker of Exeter Mills, also another venerable Noah Barker, formerly of Bangor, Alden F. Chase, Bryant's Pond, Prof. Chase of Bucksport Seminary, Prof. Fish, Brunswick, and others. The poem by T. H. McLean of Rockland was a masterpiece, showing great research in mythological and astronomical lore, and was frequently applauded, although many of its points were so deep that they could not be fully understood at a hasty reading. The valedictory by "Nonplus," C. T. Clark of Detroit, was a fine production and well received. The change of time to the last week in July proved a bad move as the absence of such reliable members as I have mentioned was a serious handicap to the cause. One of the executive committee, Col. Livermore, A. E. Faught, Elias Keene and others proved. Knox County is pretty well represented in the almanac fraternity, three important points being assigned to the last convention. Mr. McLean is the third consecutive president who has represented the county in the convention.

UNDER THE MEAL.

The Temperance People Think There is a Mouse There.

As is well known July 17th was the day appointed for the hearing before the board of health and council on the question of appointing J. B. Loring and A. D. Orne of this city and Frank Andrews of Camden state constables for Knox county. These gentlemen consented to be candidates for the appointments at the earnest solicitation of the temperance element of the county, and the petitions presented for their appointment bore the names of the selectmen of nearly every town in the county. Charles M. Trip, Deer Isle, U. S. Navy, Mexican war, original at \$5. James H. McIntosh, Vinalhaven, Co. I, 19 Me., original with arrears from June 1, 1865, \$12 per month. Susan C. Spear, Rockport, widow of Freeman H. Spear, Rockport, deceased, Co. I, 19 Me., original with arrears from Aug. 10, 1865, payable to widow. Stearns J. Graves, U. S. Navy, formerly of So. Thomaston, now of Bristol, Me., increase from \$12 to \$72 per month for total blindness. Levi Bagley, Troy, Me., Co. A, 6th Me., increase at \$8 per month. Charles M. Trip, Deer Isle, U. S. Navy, Mexican war, original at \$5. James H. McIntosh, Vinalhaven, Co. I, 19 Me., original with arrears from June 1, 1865, \$12 per month. Ira Lawry, Cushing, U. S. Navy, original with arrears from July 26, 1864, \$12 per month and \$2 additional for each child. Jeremiah Brown of West Athens, Co. D, 24th Me., increase \$2 to \$8. Edmund W. Thomas, Rockland, Co. D, 4th Me., original with arrears from June 27, 1862, \$12 per month.

The temperance people think from this that some undue influence has been brought to bear against the appointment of the men whom the temperance people want. To-day has been yet assigned for the hearing.

PENSIONS ALLOWED.

Our reporter finds the following granted at Gen. Cilley's office since our last issue:

Luther J. Calderwood, formerly of Vinal-

haven, now of Prospect, Co. G, 28 Me. Vols.,

19 Me., original with arrears from Aug. 10,

1865, payable to widow.

Susan C. Spear, Rockport, widow of Free-

man H. Spear, original at \$12 per month.

Stearns J. Graves, U. S. Navy, formerly of

So. Thomaston, now of Bristol, Me., increase

from \$12 to \$72 per month for total blindness.

Levi Bagley, Troy, Me., Co. A, 6th Me., in-

crease at \$8 per month.

Charles M. Trip, Deer Isle, U. S. Navy,

Mexican war, original at \$5.

with arrears from July 26, 1864, \$12 per

month and \$2 additional for each child.

Jeremiah Brown of West Athens, Co. D,

24th Me., increase \$2 to \$8.

Edmund W. Thomas, Rockland, Co. D,

4th Me., original with arrears from June 27,

1862, \$12 per month.

Juliet M. Clement, Rockville, widow of

Benj. F. Clement, Co. E, 6th N. H. Vols.

original at \$12 per month, from Feb. 10, '67.

ATLANTIC.

Sickness is quite prevalent.

The hay crop will be small here.

Mrs. Joan Torrey is very sick of dropsy.

Geo. Kimball, Jr., of Rockland has been

visiting the island.

The selectmen have talked of appointing a

Board of Health.

Mrs. Pinkham and Mrs. V. A. Barbour were

visiting friends on Gott's Island, last week.

IN BRIEF, AND TO THE POINT.

Dyspepsia is dreadful. Disordered liver is

misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the

most complicated and wonderful things in ex-

istence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad

cooking, mental worry, late hours, irregular

habits, and many other things which ought not

to be, have made the American people a nation

of dyspeptics.

But Green's August Flower has done wonder-

ful work in reforming this sad business and

making the American people so healthy that

they can enjoy their meals and be happy.

Remember—No happiness without health.

But Green's August Flower brings health and

happiness to the dyspeptic. Ask your druggist

for a bottle. Seventy-five cents.

BAT-ING AND RESCUING.

Burdette's Rules for Avoiding Drowning.

Now that the bathing season, for the people who bathe only during the season, is running on full time and half soap, there will be the usual number of "sad cases of drowning" reported in the daily paper by reporters who seem to think that the ordinary drowning case is a rather joyous affair, and great care must therefore be taken to specify the sad ones. Now, in most instances—but for the gravity of the subject one might say moist cases—there is no necessity for drowning. A little care, a little presence of mind, and the doomed swimmer would be as safe from the watery element as a Texas bartender. A good swimmer is not often drowned; not often than once.

People are drowned when they are thrown suddenly into the water because the shock disturbs their presence of mind and disarranges the life preserver. To avoid drowning from this cause, therefore, never get thrown into the water suddenly; always be expecting it. If you are crossing the great desert, keep turning over in your mind what you would do if the distant ocean should suddenly break in upon you.

If you could acquire the habit of breathing under water it would be great medicine for you. Some men can breathe a long, long time over beer; they are more apt to founder than drown.

If you don't know whether you can swim or not, having never tried, it is a good plan to consult some well known authority on the subject before venturing into 40 foot water. Go to Jay Gould; he has floated about as many water logged schemes as any man in America.

If in spite of all precautions, you find that you are actually drowning, no time should be lost in calling in a physician; if possible go for him yourself; the exercise will prove exceedingly beneficial. If you should find a drowned person on the beach and it should prove to be some one whom it is your interest to save, run him through a clothes wringer without delay; it is essential to get all the water out of him.

Do not, however, hang him up after this operation; it's no good; you can't hang a man up for anything after you've squeezed him dry.

Sit on his chest and inflate his lungs with a hand bellows to restore respiration, and slap him to restore circulation; if this doesn't work, send for the World affidavit clerk, who can give him an artificial circulation that will make the doctors want to go away and commit suicide.

Haui him back and forth over a barrel; this is an old and very popular mode of treatment; it is of no earthly use whatever, but it keeps the patient quiet, and amuses the crowd while you are thinking what you ought to do.

If you are in doubt whether the man is really drowning, bring him a sherry cobbler; if he is drowning he will catch at the straw. If he is not drowning, he will catch on to the cobbler.

Should you discover the drowning person to be the man who tells you about his summer vacation; where he went, and what "a nice" place it was; low "nice" the meals and how "nice" the people, and how cheap it was and what a good time he had, push him out into deep water to see if he will sink. If he does not sink immediately you may be sure there is something wrong. Lose no time; a moment's delay may be fatal; tie a big stone about his neck and push him out again.

A CANE WITH A HISTORY.

Brooklyn Eagle.

I had a cane presented to me in the navy yard some days ago which is pregnant with historical associations. The head is a miniature model of the new eight-inch guns recently adopted by the navy department and used in the armament of the new cruisers. The metal of which it is composed is from a cannon taken up by Admiral Decatur in Algiers as long ago as 1815. It is silver plated and firmly attached to a handsome piece of dark Brazilian oak that was made into the prow of the Arctic ship Thetis at Dundee, Scotland. After successfully butting through the heavy ice floes of Northern waters it was taken out to the Brooklyn yard when that vessel was undergoing repairs and eventually was cut up into walking sticks. The ferrule of the cane is made from the brass of the United States steamer Hartford's screw. I understand that several of these canes are scattered about Brooklyn, and have no doubt that they are valuable to their owners as mementoes of the rapidly disappearing wooden navy.

WORLD HAPPENINGS.

Five men were killed and nine injured Wed-

nesday by a collision on the Alton Railway

near Hopdale, Ill.

The Canadians will not let the fishermen cap-

tured by the cruiser Critic leave Souris on any

American vessel. The men are destitute.

The convention at Toledo renominated Gov.

Forsaker, endorsed Sherman for the presidency,

and adopted a ringing republican platform.

At Cleveland Patron took the \$5000 purse,

defeating Harry Wilkes in three straight heats.

Johnston won the pacer's race.

A serious fire at Nantasket Beach Friday

evening destroyed the Rockland care and pavil-

ion, causing a loss of about \$25,000.

Another British sealer has been seized by an

American revenue cutter in Behring's Sea.
